

Spiral Floral Pattern Design Included

PE-DESIGN® NEXT

Full-feature digitizing and editing software perfect for experienced and home business entrepreneurs!

Create customized, original embroidery and take your creativity to the next level.

Advanced user-friendly graphical interface makes using PE-DESIGN® NEXT as intuitive as using most popular computer-based programs

- ▶ Quickly identify program functions with intuitive icons
- ▶ Customize favorite operations on the toolbar
- ▶ Watch it sew on screen with the sewing simulator
- ▶ Edit your embroidery while viewing a realistic image of it

Design available at iBroidery.com

Enhanced Lettering Features

100
Built-In
Fonts

- ▶ Add an interesting dimension to select lettering styles with the font outline feature
- ▶ **Name Drop** function can be used to create different names with the same design and layout. Saves time when stitching out garments for an entire sports team.

PHOTO STITCH™ It's Like Printing with Thread

Turn your favorite photos into embroidered works of art with PhotoStitch™. Use the PhotoStitch™ feature in PE DESIGN® NEXT and PLUS to convert photos into digitized design files, then export them to your embroidery machine.

Turn this scanned photo into embroidered art with PhotoStitch™—Included in PE-DESIGN® NEXT and PLUS!

PLUS, use the advanced layout and editing features in PE-DESIGN® NEXT and PLUS to combine your designs with fonts, borders and other designs.

FREE! A Stitch in Time PE-DESIGN® NEXT Tutorial DVDs

2 DVDs with 70+ step-by-step lessons covering each function of the software. Includes videos, screenshots, and 700+ printable pages.

Learn about Layout and Editing, Programmable Stitch Creator, Design Database, Font Creator, and more!
